

## RW Edition precision screwdriver set 41 pieces with Reinhold Würth signature

**Perfect for all fine and delicate screwing work where finesse is required**

**Comfortable and convenient working thanks to 2-component precision engineering screwdriver handle**

- Antistatic ESD protects from discharge and provides maximum safety for electrical devices
- Additionally with rotatable end cap with finger recess for optimum working

**Plastic box with innovative magnetic closure for safe storage of the tools**

- Both magnetic bit bars automatically fan out when the box is opened and enable very convenient bit removal
- Printed bit strips ensure fast identification of the desired bits
- Dimensions: 154 x 75 x 30 mm

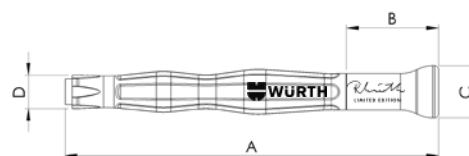

**40 high-quality 4 mm standard or safety bits made from chromium-vanadium steel**

- 1 x precision engineering screwdriver
- 1 x each PH000; PH00; PH0; PH1 and PH2 bits
- 1 x each 1; 1.5; 2 and 3 mm slotted bits
- 1 x each 1.5; 2; 2.5 and 3 mm hexagon socket bits
- 1 x each 2; 3; 4 and 5 TX bits
- 1 x each 6; 7; 8; 9; 10 and 15 TX bits with hole
- 1 x each P2; P3; P4 and P5 pentalobe bits
- 1 x each 2.5 and 3 mm sockets
- 1 x each SQ1 and SQ2 triple square bits
- 1 x each Y000; Y00; Y0 and Y1 Y-type bits
- 1 x each 2 and 2.6 mm triangular bits
- 1 x U2.6 claw bit
- 1 x SIM card ejection
- 1 x PH00 bit with pin
